

THE SAT, ACT, AND OTHER STANDARDIZED TESTS FOR COLLEGE ADMISSIONS

TUESDAY, NOVEMBER 13, 2019
6:30PM - 8PM

No registration required.

Summit Educational Group is pleased to partner with Ursuline Academy to offer this informational presentation to families and educators. Our goals are simple: to reduce anxiety, increase clarity, and impart confidence about the college admissions testing landscape.

Attendees will receive complimentary copies of Summit's annual *College Admission Testing Guide*.

Information in the guide includes:

- Best practices for creating a testing plan
- SAT/ACT Score Comparison Table and Information
- Standardized testing requirements for more than 150 colleges and universities

We believe that, with access to more information up front, families and educators are better equipped to create sensible, individualized test preparation plans that will help reduce stress and improve students' performance. If you have any additional questions, please call us at **1-800-698-8867**.
